INON Lens Adapter Ring for UCL-67/90

Thank you for purchasing INON product.

The Lens Adapter Ring for UCL-67/90 is a dedicated optional part to attach INON M67 Close-up Lens, 「UCL-165M67」/「UCL-330」on INON Underwater Close-up Lens, 「UCL-67 M67 / UCL-67 LD」, 「UCL-90 M67 / UCL-90 LD」.

Package contents:

- Lens Adapter Ring for UCL-67/90 ×1
- This user manual ×1

Compatible products: · Compatible lens

(as of December, 2017) > INON Underwater Close-up Lens 「UCL-67 M67」, 「UCL-67 LD」, 「UCL-90 M67」, 「UCL-90 LD」

- Attachable lens on above compatible lens via 「Lens Adapter Ring」(*)
> INON M67 Close-up Lens 「UCL-330」, 「UCL-165M67」

(*) Other higher magnification close-up lens, 「UCL-100M67」, 「UCL-90 M67」 and 「UCL-67 M67」 are **not** usable as those combinations will have significantly degrade image quality.

Installation method:

- Apply thin film of grease (grease for an underwater housing/protector) on the threaded part of this product to prevent anchoring of this product due to 「salt build-up」/「electrical corrosion」.
- Remove pre-installed 「M65 Screw Protective Ring」 from the UCL-67/UCL-90.
- Screw the combined M67 lens clockwise on the UCL-67/UCL-90 via 「Lens Adapter Ring for UCL-67/90」.

Handling precautions:

- Do not subject the product to large shocks or vibrations to avoid damage and deformation which may cause “Lens Adapter Ring for UCL67/90” to get stuck with the lens.
- Always remove this product from lens when not in use to prevent anchoring of this product and combined lens due to salt build-up or electrical erosion

Option:

• Snap-on Lens Cap M67

The “Snap-on Lens Cap M67” is a plastic lens cap to be attached on M67 screw mount of this product or combined M67 series close-up lens to protect lens surface. Spring loaded center tabs provide easy installation and removal only by squeezing the tabs.
