INON Shade Sponge D60

The INON Shade Sponge D60 is an essential optional product to use 「Panasonic LUMIX G FISHEYE 8mm/F3.5」 in combination with 「Dome Port 2」 「Dome Port 115」 to suppress exposure of camera's built-in flash light on an image by attaching inside of the port to block the built-in flash light.

Package contents : • Shade Sponge D60 ×2
 • This user manual ×1

Compatible lens : • Panasonic LUMIX G FISHEYE 8mm/F3.5
(as of August 2011)

Compatible port/ : • Dome Port 2 + Shade 2 Set
EXT. Ring
(as of August 2011) • Dome Port 2
 • Dome Port 115

Installation method : • Remove stocker mount (white) from the Shade Sponge D60 then attach on inner side of "Dome Port " external thread part (which is screwed into housing). The edge of the Shade Sponge should match to the edge of "Dome Port " external thread part but must not be stuck out.
